

Villa  Blanca

Cloud Forest Hotel & Spa
San Ramón, Costa Rica

A lush, dense tropical forest scene. In the foreground, a large, dark tree trunk is heavily covered with numerous thin, light-colored vines. The background is filled with a thick canopy of green leaves and branches, creating a sense of depth and a slightly hazy atmosphere. The lighting is soft and diffused, typical of a forest interior.

... You'll find yourself unwinding. Slowing down. Slipping back to another time.

“Then, as if in a dream, you see it. Nestled serenely on a pristine mountaintop, above a canopy of emerald-colored trees.

And for a split second, you are left breathless by the vision before you... it is here that your journey begins. A journey into the heart of one of nature's true wonders. The cloud forest of Costa Rica.”

“...Imagine yourself on a country road that winds through green rolling hills, seemingly floating within a sea of clouds, around each item, the grace and beauty of this tiny,yet extraordinary country reveals itself to you in a new and charming way.”

As your card draws closer, what was shrouded in mist only moments before comes into sharp focus. You have now arrived to Villa Blanca Cloud Forest Hotel & Spa.

Somehow you have been magically transported back over 100 years to a quaint farming village with a romantic wedding chapel famous for its ceiling of hand-painted ceramic tiles. A true national treasure, built by former president Carazo to celebrate his 50th wedding anniversary and as homage to Latin America's 500 years of Catholic tradition and folklore.

Here in the clouds, anything is possible.

As you are warmly escorted into Villa Blanca's exquisitely appointed Hacienda House, the proud hotel staff regales you with unique stories of the hotel's past and its original owner: former President Carazo, who, along with First Lady Estrella, dedicated their remarkable life to promoting world peace.

At the hotel restaurant "El Sendero," you are served an authentic Central American meal made from the finest ingredients Costa Rica has to offer – including fresh baked desserts and, of course, Costa Rica's world famous coffee.

Here in the clouds, life is but a dream.

Upon entering your beautifully appointed “Casita,” you are delighted to discover that it contains all the comforts and amenities you’ve come to expect from a world class hotel.

What’s more, you can’t help but notice the breathtaking views of the forest itself - complete with the distant sound of howler monkeys and countless species of exotic birds.

Each “Casita” features a traditional open-beam cane ceiling and an adobe fireplace designed to keep you as cozy and warm as it kept the original village dwellers one hundred years ago – in a state of bliss known today as the Silence of the Angels (El Silencio de los Angeles).

Here in the clouds, you are at home.

Surrounded by the soothing sounds of the Cloud Forest, our Spa experts literally take you to “Cloud Nine.” Moments after you choose from our menu of Signature Therapies, you feel yourself drifting away to a state of complete relaxation.

Here in the clouds, it is heaven.

With the 2,000 acre Los Angeles Cloud Forest Private Reserve at your doorstep, your time at Villa Blanca is filled with adventure.
